

APA GROUP 2010 TAX RETURN GUIDE

This guide has been prepared to assist you in completing your income tax return for the year ended 30 June 2010 using your APA Group Annual Tax Statement.

APA Annual Tax Statement	2
APT Dividend Distribution	2
APT & APTIT Tax Deferred	2
APTIT Distribution	3
Taxable Income	3
Disposal of Your Stapled Securities	4
Cost Base of Units	4
Calculation of Capital Gain/Loss	4

This guide is not intended to be, and should not be relied upon as, personal taxation or financial advice.

Since every person's circumstances are different we have made a number of general assumptions which may, or may not be applicable to you. Where you require help relating to your particular tax position you should refer to the Australian Taxation Office's TaxPack 2010 or seek independent taxation advice.

The general assumptions made in preparing this Guide include that you are:

- an individual securityholder;
- a resident of Australia for income tax purposes;
- holding your APA Group stapled securities for investment purposes rather than for resale at a profit and the Capital Gains Tax ("CGT") provisions apply to you;
- using the "Tax return for individuals (supplementary section) 2010" to complete your income tax return.

APA Group is a "stapled security" listed on the ASX consisting of units in Australian Pipeline Trust ("APT") and units in APT Investment Trust ("APTIT"). These units can only be traded together. For tax purposes APT is a Division 6C "public trading" trust, which is taxed as if it were a company while APTIT is a Division 6 "pass through" trust.

The APA Group Annual Tax Statement provides details of the dividends and trust distributions to which you are entitled and these amounts should be used in preparing your 2010 income tax return. For tax purposes the APT dividends and APTIT trust distributions must be separately disclosed in your income tax return.

APA Annual Tax Statement

Below is a table showing the components of the APA Group Annual Tax Statement on a cents per security basis.

APA Group Annual Tax Statement 2009/10 Distributions Cents per Unit (cpu)

Date	APT		APTIT		Total APA 2009/10 Tax Statement (cpu)
	Dividend Distribution (cpu)	Tax Deferred (cpu)	Trust Distribution (cpu)	Tax Deferred (cpu)	
September 2009	2.7443	0.0	*	11.5435	14.2878
March 2010	5.6663	4.9763	3.1923	1.9151	15.75
September 2010	^	^	3.9154	^	3.9154

* component recognised in the 2008/09 Annual Tax Statement

^ component recognised in the 2010/11 Annual Tax Statement

APT Dividend Distribution

For an individual Australian resident taxpayer, dividends from APT are recognised on a receipts basis (at payment date). Your APA Group Annual Tax Statement includes the APT dividends paid to you in September 2009 and March 2010. These dividends were unfranked for tax purposes.

Amounts shown as Unfranked Dividends from APT on the Annual Tax Statement should be included at Item 11S on the Tax return for individuals 2010.

Where you have not provided your Tax File Number, income tax has been withheld from all unfranked dividends paid to you by APT at 46.5%. This should be claimed as a credit in your income tax return by including the amount disclosed on the Annual Tax Statement at Item 11V.

11 Dividends If you are a non-resident make sure you have printed your country of residence on page 1. Tax file number amounts withheld from dividends	Unfranked amount	S \$	□□, □□□, □□□□	⊗
	Franked amount	T \$	□□, □□□, □□□□	⊗
	Franking credit	U \$	□□□, □□□□. □□	⊗

APT & APTIT Tax Deferred

Your APA Group Annual Tax Statement includes a "tax deferred" amount in respect of your gross cash distribution from both APT and APTIT.

The APT "tax deferred" amount represents a return of capital by APT. The APTIT "tax deferred" amount has arisen because the gross cash distribution from APTIT exceeds the taxable income of APTIT.

The "tax deferred" amount is not immediately taxable but will reduce the Capital Gains Tax ("CGT") cost base of the units held by you. Once the tax deferred distributions reduce your CGT cost base to nil, any additional tax deferred distributions will give rise to an immediate capital gain. However this gain may be reduced on account of the CGT 50% discount where units have been held for more than 12 months.

Disposal of Your Stapled Securities

The following summary will help you to determine whether you have any liability for CGT if you have sold your stapled securities. You should however obtain your own independent tax advice where you have sold stapled securities.

For tax purposes the sale of an APA Group stapled security is treated as a disposal of a unit in APT and a unit in APTIT. Upon disposal of an APA Group stapled security, you will realise a capital gain if the consideration you receive exceeds the CGT cost base of the APT and APTIT units.

Cost Base of Units

Generally the cost base of your units is the amount you paid for them including the incidental costs of acquisition and disposal. The cost base will be reduced by any tax deferred distributions or capital returns previously made in respect of the units. Details of tax deferred distributions and previous capital returns are available from the "Financial Information" section of the APA Group website at www.apa.com.au.

For capital gains tax purposes, the cost of each APA Group stapled security and the consideration received on disposal of each APA Group stapled security will need to be apportioned between the unit in APT and the unit in APTIT on a reasonable basis. One possible method of apportionment is on the basis of an estimate of the relative net assets of APT and APTIT at the time you acquired your units. Details of relative net assets for APT and APTIT are available from the "Investor Relations" section of the APA Group website at www.apa.com.au.

Calculation of Capital Gain/Loss

Your capital gain or capital loss from the disposal of your APA Group stapled securities may be ascertained as follows:

- *Capital Gains* – A taxable capital gain is calculated as the excess of the sale proceeds received over the cost base of the APA Group stapled securities.
- *Discount Capital Gains* – Where the APA Group stapled securities have been held for more than 12 months, you may choose to reduce your taxable capital gain by the CGT discount of 50% for individuals.
- *Capital Loss* – A capital loss will comprise the excess of the reduced cost base of the APA Group stapled securities over the sale proceeds received.
