## Schedule 1 Authority to Survey (APA)—Western Slopes Gas Pipeline

### Conditions of Authority to Survey

Imposed by the Minister under section 5G of the *Pipelines Act 1967*

1. APA, as the holder of this Authority to Survey (**Authority**) must arrange survey operations in accordance with the *Surveying and Spatial Information Regulation 2012* and the *Pipelines Regulation 2013* and observe and perform any instructions given by the Secretary of the Department with a view to minimising effects on the environment, the owners or occupiers of affected Lands or their stock, standing crops, produce or improvements to land.
2. Access to the Lands for which the Authority is granted is limited to those areas that are reasonably necessary to survey for possible pipeline routes and associated apparatus or works. Access to private dwellings or gardens is not permitted.
3. Survey operations carried out under this Authority must be conducted in a responsible manner so as not to cause damage to any person or stock, and to minimise damage to or effects on property and the environment. In particular, the APA, as holder of the Authority (or their agents) must:
  - I. Give at least five days prior written notice to the owners or occupiers of Lands on which they wish to conduct surveys advising of the times when the surveys will be undertaken;
  - II. Contact the owner or occupier of Lands on which they wish to conduct surveys and ask them to provide verbal or written details of any reasonable requirements concerning the conduct of the surveys;
  - III. Comply with the reasonable requirements of the owner or occupier of Lands;
  - IV. Not unduly interfere with the activities of owners or occupiers or stock; vehicular access through standing crops or paddocks with nursing livestock is not permitted;
  - V. Not unduly interfere with the rights of the holders of co-existent mining or prospecting titles;
  - VI. Not interfere with any fence or cut, destroy, ringbark or remove any growing trees or other vegetative cover on the subject area; except such as directly obstructs or prevents the carrying out of the surveys hereby authorised and only with permission of the owner or occupier;
  - VII. Not cause or aggravate soil erosion, and provide appropriate means for minimising or preventing soil erosion and the spread of weeds and disease;
  - VIII. As far as practicable, utilise existing roads and tracks for the purpose of

- access, avoid driving across or through cropped paddocks, and on entry and exit, ensure that any gate is returned to the position it was in before entering or exiting;
- IX. Not take dogs or firearms onto the Lands;
  - X. Make such provisions for sanitation as may be necessary including provision for disposal of any refuse;
  - XI. Not cause or start any fire and take all precautions against outbreak of fire on the Lands surveyed and at all times comply with the provisions of the Rural Fires Act 1997;
  - XII. Not interfere with or impede the use of any road, track, transmission line or telephone line on the Lands covered by this Authority and adjacent areas; and
  - XIII. Make good any damage caused to property, stock or the environment as soon as is practicable after any damage is caused.
4. APA as holder of the Authority (or its agents) must carry out survey activities during business hours on Mondays to Fridays. The prior consent of the owner or occupier is required before carrying out any surveys outside business hours, on weekends or on public holidays.
  5. APA, as holder of the Authority, indemnifies the Crown, the Minister, the Secretary and the Department and shall keep them indemnified against all claims, costs, expenses, demands, legal process, judgments, or awards arising from or relating to any act or omission of APA as holder of this Authority (whether negligent or not) in relation to their obligations under this Authority.
  6. APA as holder of the Authority must hold public liability insurance for a sum of not less than \$20,000,000 in respect of any one claim and on demand supply to the owner or occupier of the Lands on which they wish to conduct surveys a certificate of currency.
  7. The holder of the Authority or its agents must not inform the owner or occupier that the subject Lands may be subject to compulsory acquisition, unless the owner or occupier is informed at the same time that acquisition must be approved by the Minister and the owner or occupier will be able to state their case opposing acquisition, before the Minister will make any decision on the matter.
  8. The holder of the Authority or its agents must at all times make it clear to the owner or occupier of the Land that the survey is being conducted in accordance with an authority granted by the Minister; and must produce documentary evidence to the owner or occupier.
