Summary information: This presentation contains summary information about APA Group and its activities current as at the date of this presentation. The information in this presentation is of a general background nature and does not purport to be complete nor does it contain all the information which a prospective investor may require in evaluating a possible investment in APA Group. It should be read in conjunction with the APA Group's other periodic and continuous disclosure announcements which are available at www.apa.com.au.

Not financial product advice: Please note that Australian Pipeline Limited is not licensed to provide financial product advice in relation to securities in the APA Group. This presentation is for information purposes only and is not financial product or investment advice or a recommendation to acquire APA Group securities and has been prepared without taking into account the objectives, financial situation or needs of individuals. Before making an investment decision, prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and consult an investment adviser if necessary.

Past performance: Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

Future performance: This presentation contains certain "forward-looking statements" such as indications of, and guidance on, future earnings and financial position and performance. Forward-looking statements can generally be identified by the use of forward-looking words such as, 'expect', 'anticipate', 'likely', 'intend', 'could', 'may', 'predict', 'plan', 'propose', 'will', 'believe', 'forecast', 'estimate', 'target', 'outlook', 'guidance' and other similar expressions within the meaning of securities laws of applicable jurisdictions and include, but are not limited to, forecast EBITDA, operating cashflow, distribution guidance and estimated asset life. Forward-looking statements, opinions and estimates provided in this presentation are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions and are subject to risk factors associated with the industries in which APA Group operates. Such forward-looking statements, opinions and estimates are not guarantees or predictions of future performance and involve known and unknown risks and uncertainties and other factors, many of which are beyond the control of APA Group, and may involve significant elements of subjective judgement and assumptions as to future events which may or may not be correct. There can be no assurance that actual outcomes will not materially differ from these forward-looking statements, opinions and estimates. A number of important factors could cause actual results or performance to differ materially from such forward-looking statements, opinions and estimates.

Investors should form their own views as to these matters and any assumptions on which any forward-looking statements are based. APA Group assumes no obligation to update or revise such information to reflect any change in expectations or assumptions.

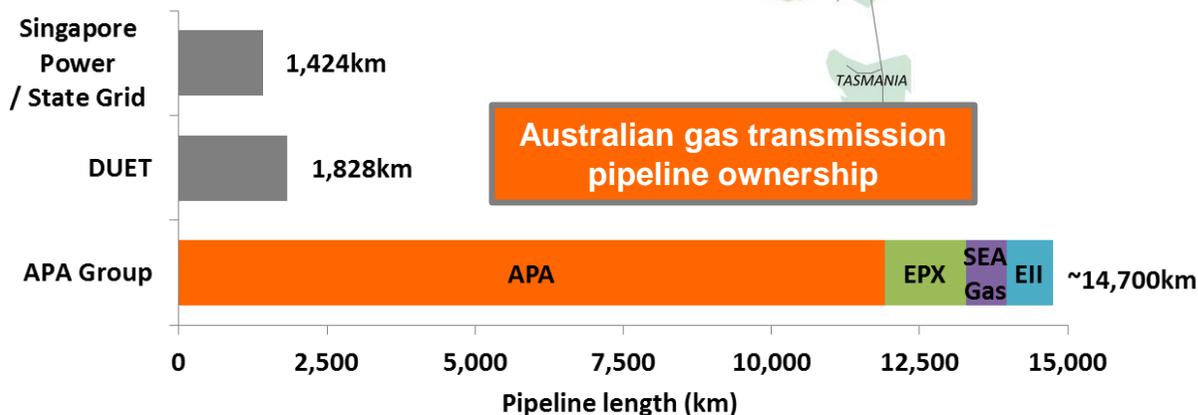

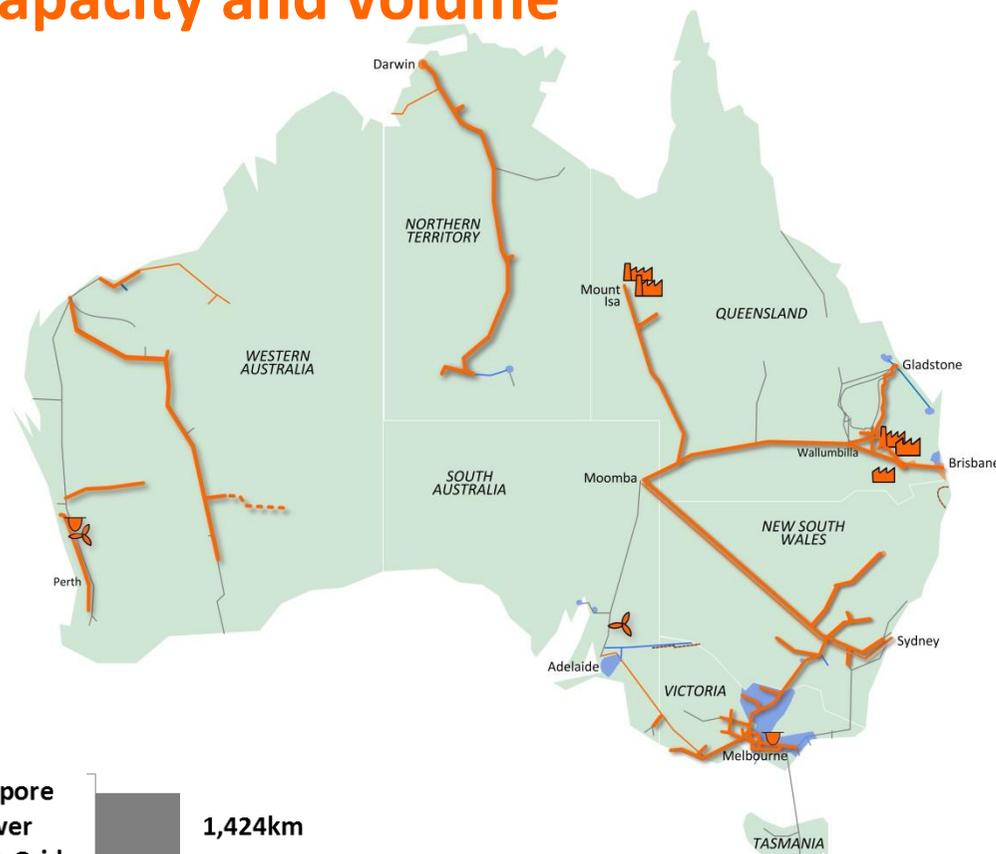

Investment risk: An investment in securities in APA Group is subject to investment and other known and unknown risks, some of which are beyond the control of APA Group. APA Group does not guarantee any particular rate of return or the performance of APA Group.

Non-IFRS financial measures: APA Group results are reported under International Financial Reporting Standards (IFRS). However, investors should be aware that this presentation includes certain financial measures that are non-IFRS financial measures for the purposes of providing a more comprehensive understanding of the performance of the APA Group. These non-IFRS financial measures include EBIT, EBITDA and other "normalised" measures. Such non-IFRS information is unaudited, however the numbers have been extracted from the audited financial statements.

Not an offer: This presentation does not constitute an offer, invitation or recommendation to subscribe for or purchase any security. In particular, this presentation does not constitute an offer to sell, or a solicitation of an offer to buy, any securities in the United States. Securities may not be offered or sold, directly or indirectly, in the United States or to persons that are acting for the account or benefit of persons in the United States, unless they have been registered under the U.S. Securities Act of 1933, as amended (the U.S. Securities Act), or are offered and sold in a transaction exempt from, or not subject to, the registration requirements of the U.S. Securities Act and any other applicable state securities laws.

Financial data: Investors should be aware that certain financial data included in this presentation are "non-GAAP financial measures" under Regulation G of the U.S. Securities Exchange Act of 1934, as amended. These measures are EBITDA, normalised EBITDA and statutory EBITDA. The disclosure of such non-GAAP financial measures in the manner included in the presentation may not be permissible in a registration statement under the U.S. Securities Act. These non-GAAP financial measures do not have a standardised meaning prescribed by Australian Accounting Standards and therefore may not be comparable to similarly titled measures presented by other entities, and should not be construed as an alternative to other financial measures determined in accordance with Australian Accounting Standards. Although APA Group believes these non-GAAP financial measures provide useful information to users in measuring the financial performance and condition of its business, investors are cautioned not to place undue reliance on any non-GAAP financial measures included in this presentation.

Maximising value for securityholders

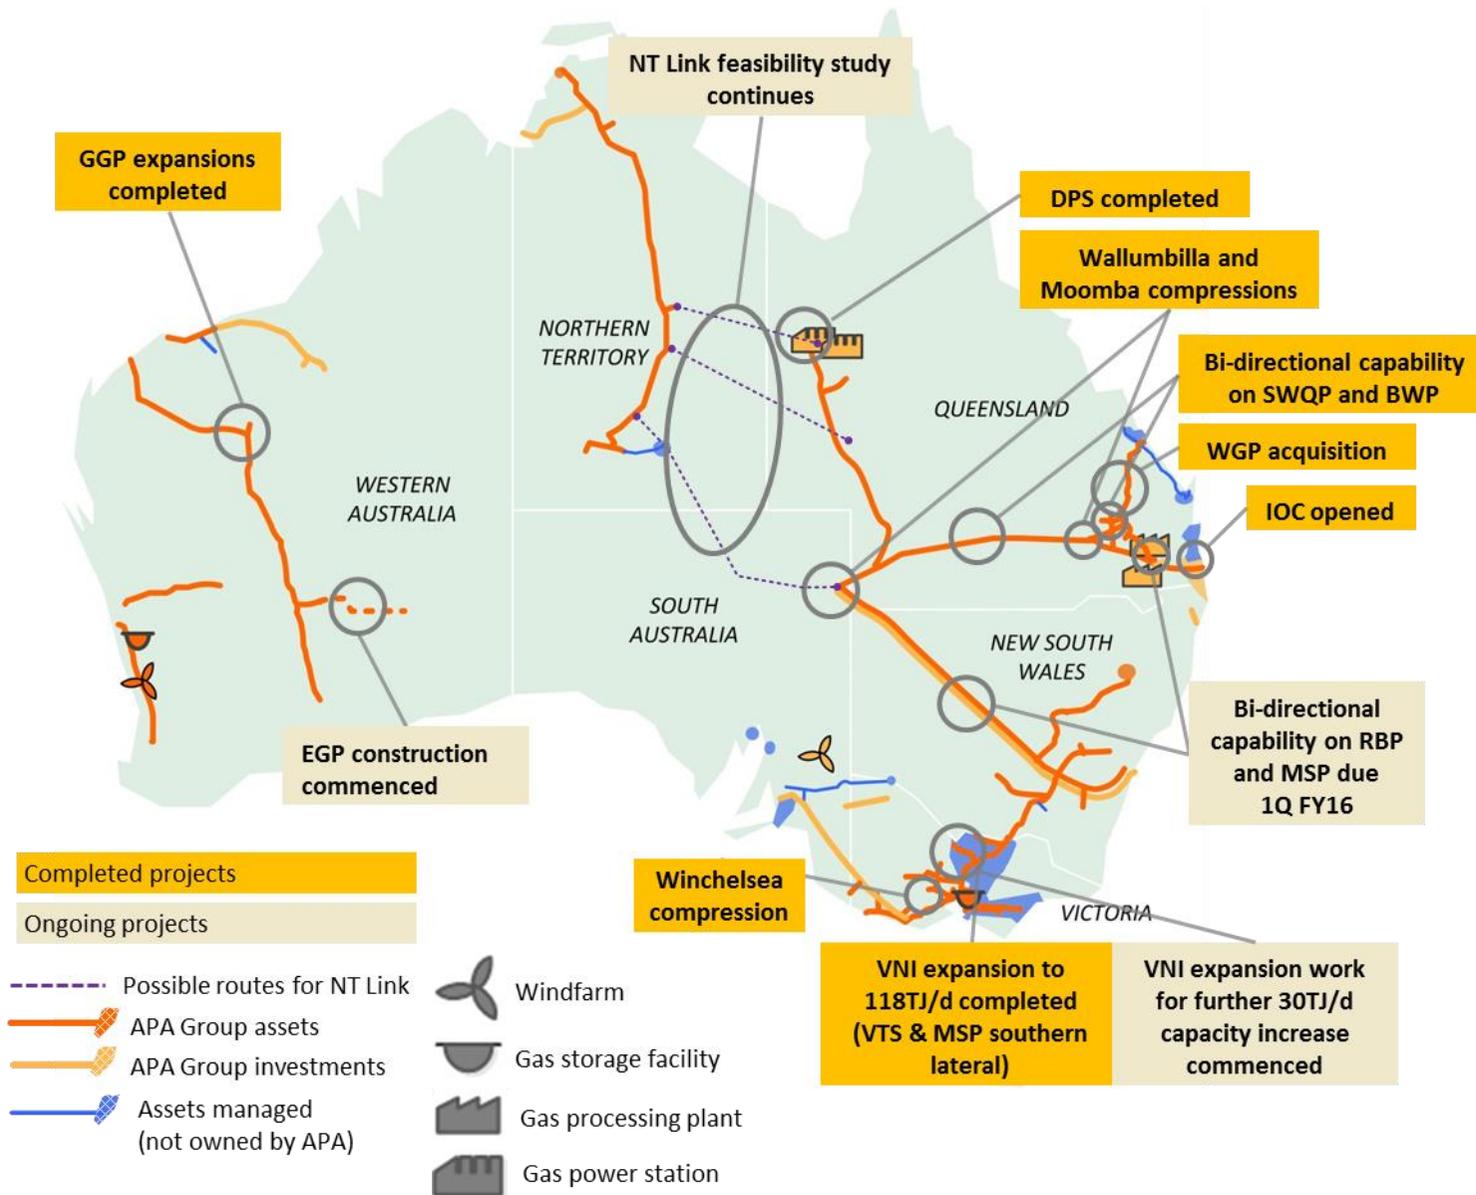

FY15 EBITDA Bridge

11.6% organic growth achieved in FY2015

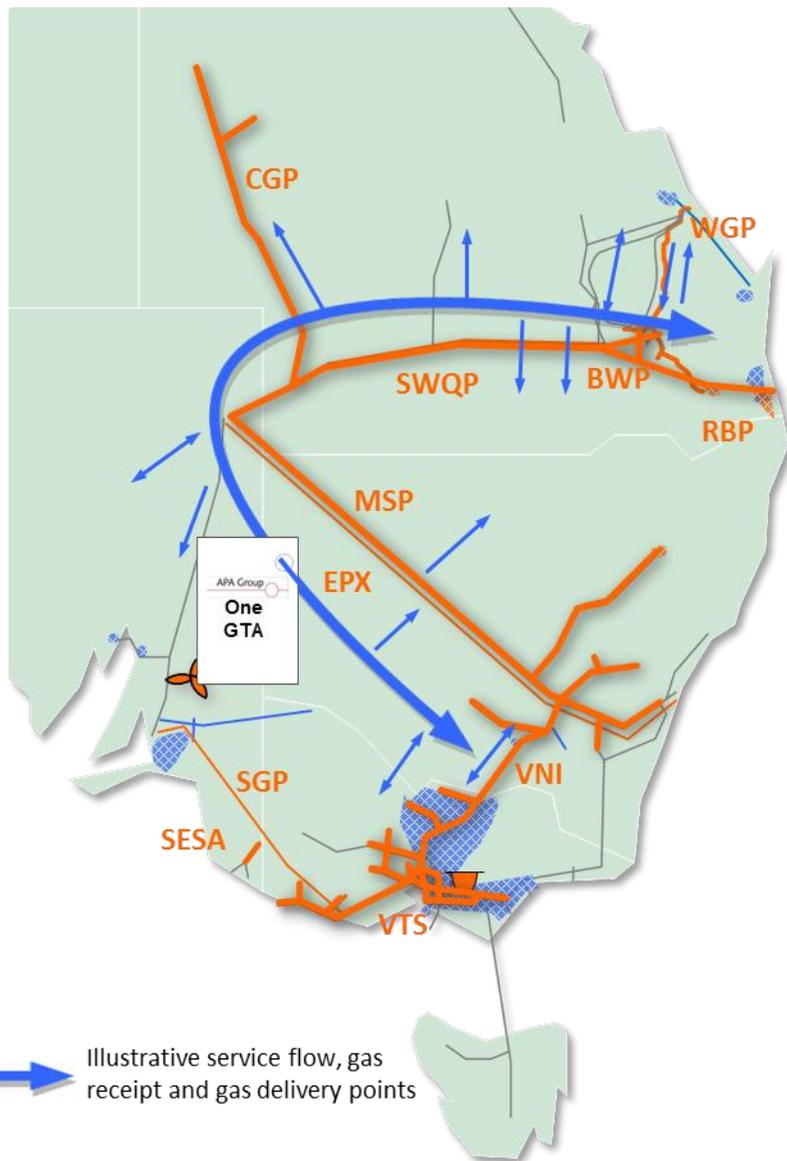

Developing growth projects across the country

- Continue to connect resources to markets by working with our customers
- Committed projects underwritten by long term revenue contracts and/or regulatory arrangements
- Provision of new services responding to customers' needs and developing new opportunities
- Achieved through funding from a solid balance sheet

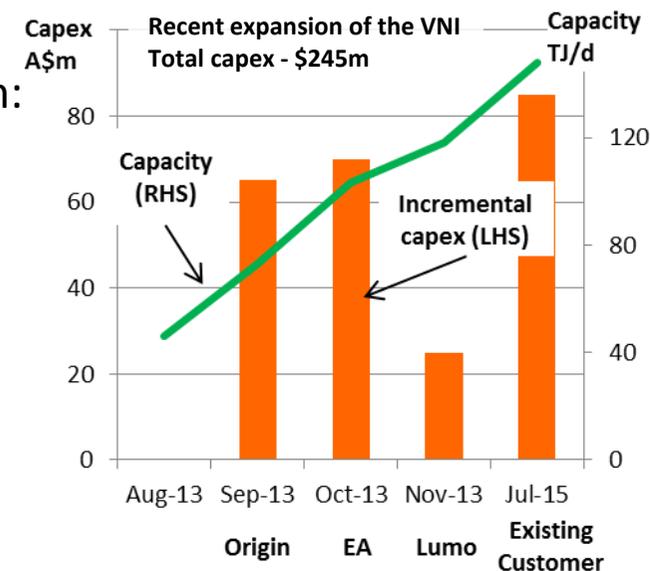

Unrivalled, interconnected footprint with sustainable growth opportunities

East Coast Grid – Australia’s gas superhighway

Illustrative service flow, gas receipt and gas delivery points

- A gas superhighway offering unprecedented levels of service innovation and flexibility:
 - ~30 gas receipt and ~100 gas delivery points
 - Storage (in-pipe, LNG)
 - Interruptible haulage and storage services
 - Capacity trading and in-pipe trades
 - Multi-asset services
- Enabled by APA’s investments in:
 - Pipeline connectivity
 - Pipeline capacity
 - Bi-directional capabilities
 - Customer Management Systems
 - Integrated Operations Centre (opened Apr 2015)
- Basin-on-basin competition is now a reality
 - Shippers can easily and readily transport gas from any number of fields

APA’s East Coast Grid allows for basin-on-basin competition, benefiting the whole gas industry

Wallumbilla Gladstone Pipeline – US\$4.6bn acquisition

- Welcome addition to APA’s East Coast Grid
 - Financial close on 3 June 2015 – 4 weeks of contribution to APA earnings
 - Addition of Gladstone delivery point to the East Coast Grid
 - 20-year take-or-pay contracts with two highly credit-worthy counterparties
 - APA processes, systems and governance in place
- Successful acquisition financing
 - \$1.8bn equity raising successfully completed in January 2015
 - US\$3.7bn global debt raising in three currencies across five tranches, with tenors ranging from 7 to 20 years
 - Net cashflows after servicing US\$ denominated interest costs hedged into A\$ out to September 2018 (FY16 net cashflows of A\$250-255 million)

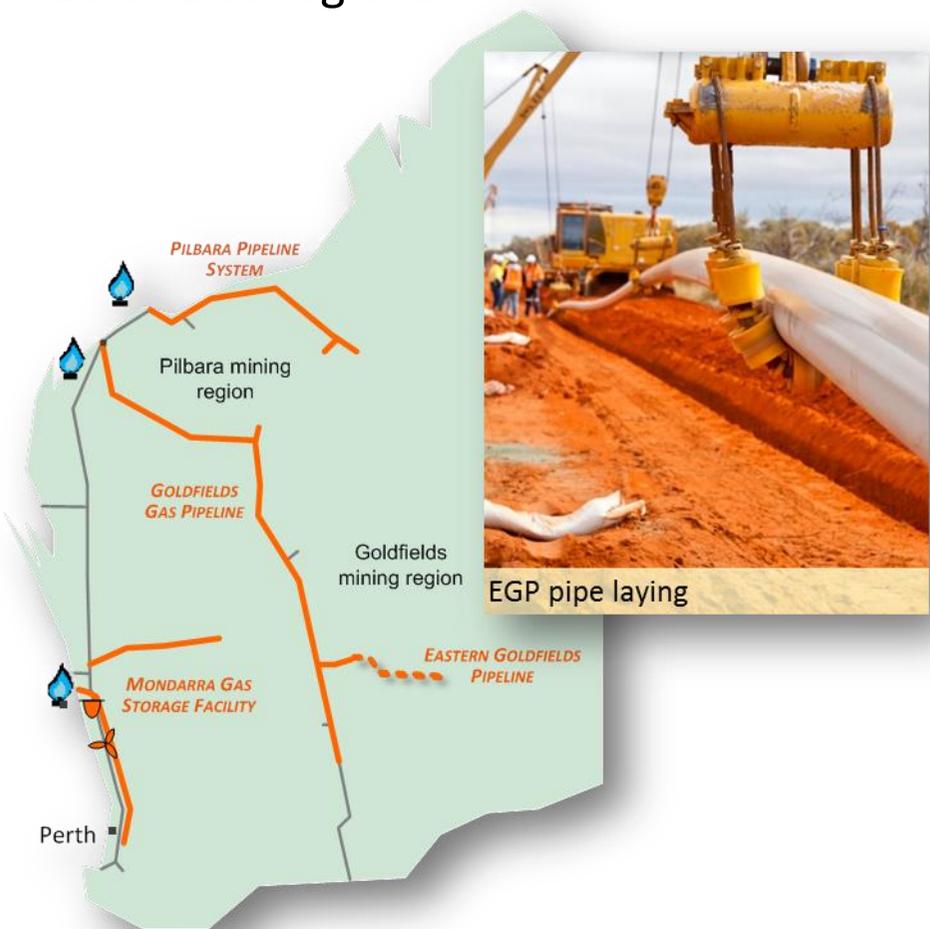

WGP connection to Queensland Curtis Island LNG facility

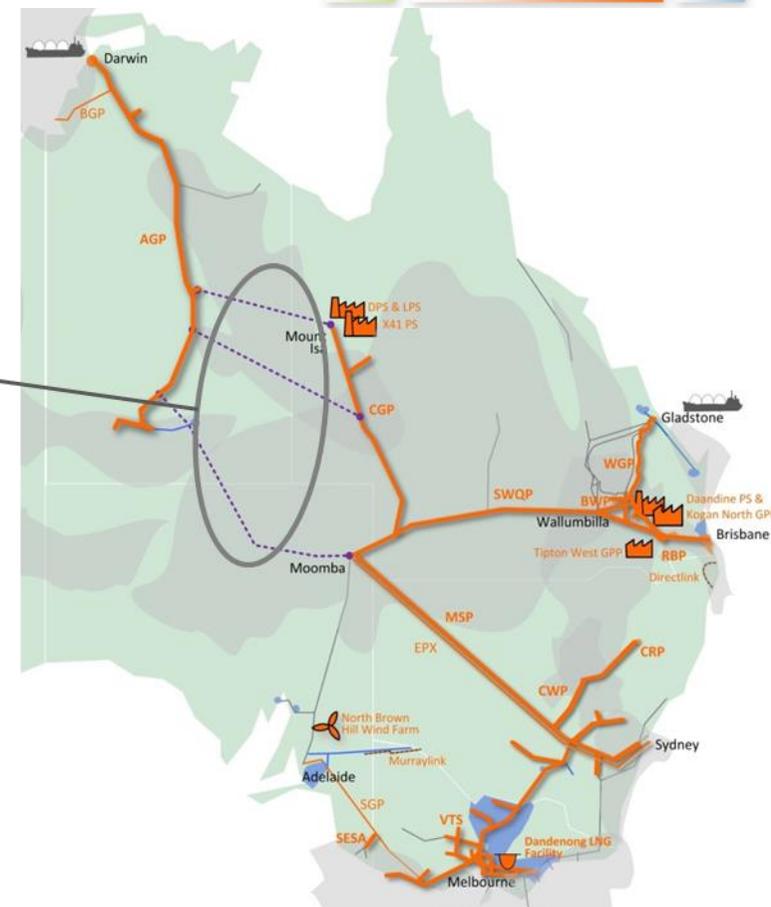

Australia’s largest pipeline acquisition completed

Western Australia & Northern Territory

- Solid organic growth in the emerging Perth region energy precinct
- Serving mining operations in the Pilbara and Goldfields regions

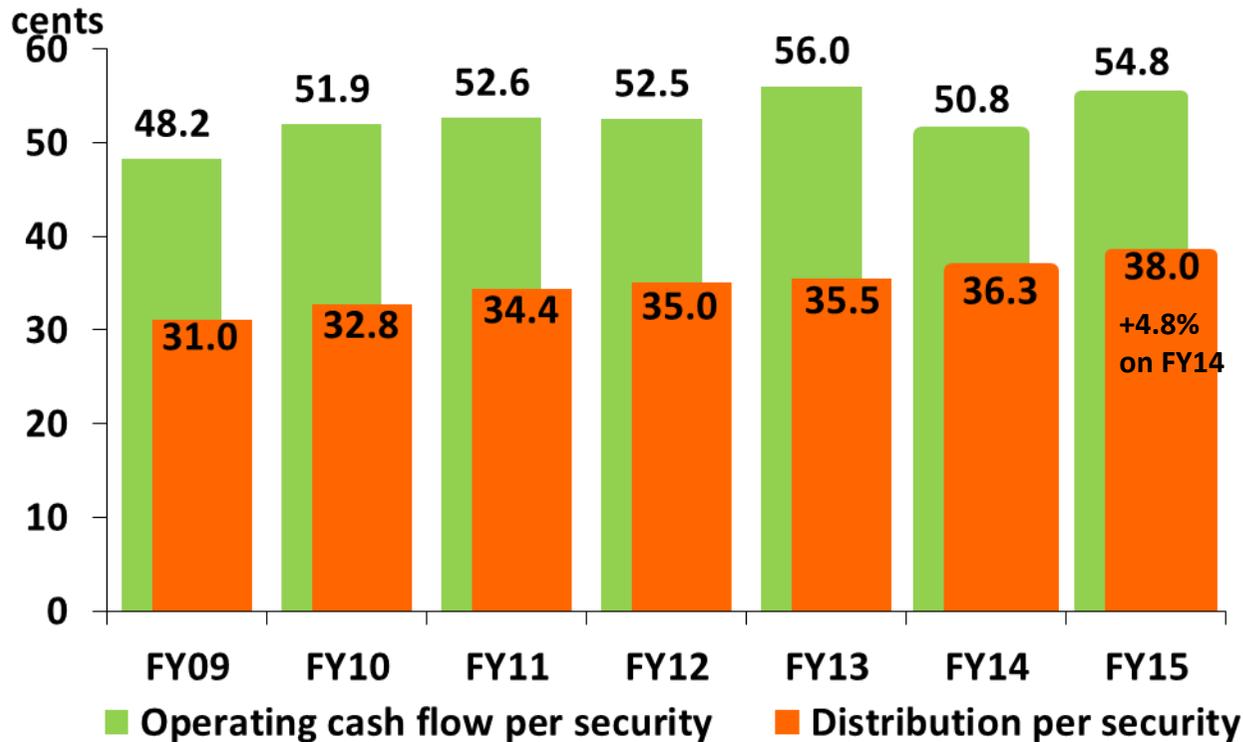

Possible pipeline routes to connect the NT and the East Coast Grid

- NT Link – bids submitted, final bidder announcement expected by year end
- Enables seamless transport between Timor Sea, Bass Strait, Sydney, Brisbane, Melbourne and Gladstone
- Connects to APA’s infrastructure at both ends

Sustainable growth in Distributions

APA's Distribution Policy

- Fully covered by Operating Cash Flow
- Regard for capital needs of the business and economic conditions
- Grow generally in line with Operating Cash Flow
- Sustainable over the long term
- Soft target of 60 - 70% payout
- Balance between maintaining BBB/Baa2 rating metrics and funding growth by appropriate mixture of debt and equity

■ FY15 distribution growth of 4.8% on FY14, payout ratio^(1,2) of 68.8%

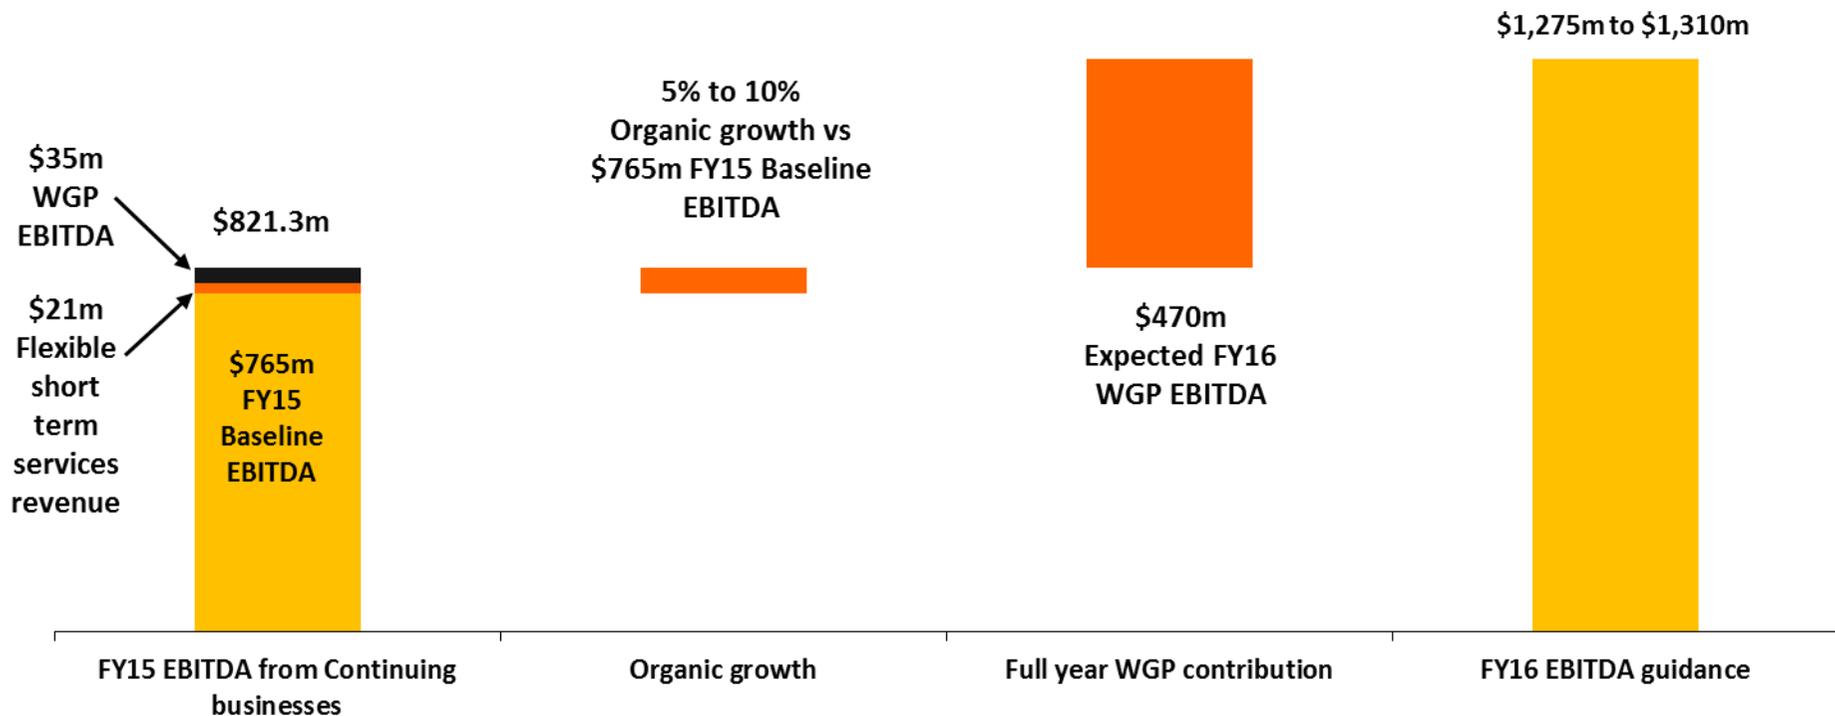

■ Distribution components:
 38.0 cents profit distribution
nil capital distribution
 38.0 cents

(1) Distribution payout ratio: distribution payments as a percentage of operating cash flow.
 (2) Based on normalised operating cash flow.

Growth in distributions underpinned by growth in operating cashflow

Outlook and FY2016 Guidance

- Statutory EBITDA for FY2016 expected within a range of \$1,275 million to \$1,310 million
 - Includes US\$ denominated contribution from Wallumbilla Gladstone Pipeline of approximately US\$355 million
- Net interest costs for FY2016 expected within a range of \$500 million to \$510 million
- Growth capital expenditure expected within a range of \$300 million to \$400 million
- Distribution per security expected to be at least equal to 38.0 cents per security

Note: WGP revenues are denominated in US\$. Net cashflow after servicing US\$ denominated interest costs has been hedged to A\$. Expected US\$ denominated EBITDA and Net interest costs have been converted at the same exchange rate for the purpose of the guidance estimation.

Note: All conversions are based on AUD/USD exchange rate of 0.7804 as at 12.00pm 24 February 2015.

Connecting gas resources to gas markets

- Organic growth
 - Capacity expansions, enhancements and new services
 - New services and more flexible contracts supplement traditional take-or-pay
- Dynamic energy market conditions
 - Assist customers to manage energy needs and portfolios
 - Integrated operations centre provide holistic grid management
 - Promoting transparent gas industry
- Greenfield developments
 - Eastern Goldfields Pipeline
 - NT Link – bids submitted, outcome due by year end
- M&A
 - Consolidation of WGP, including possible operatorship
 - Complementary broader mid stream assets

APA's interconnected assets and holistic solutions provide flexibility for customers and improve transparency for the industry

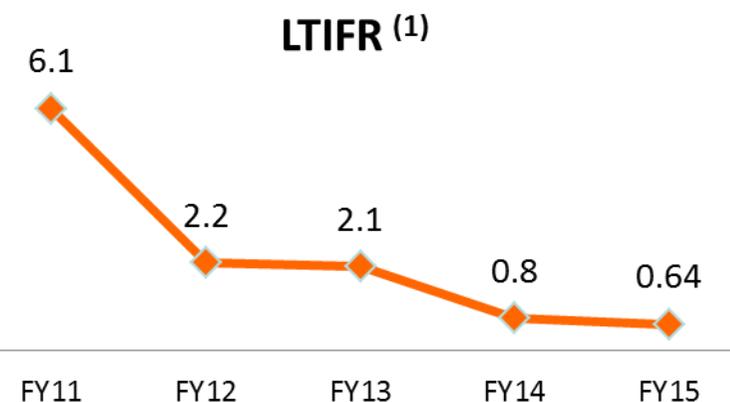

Focus on Safety and Operational Excellence

- Health and safety
 - Long-term safety goal of Zero Harm – a program of continuous improvement
 - Decrease in LTIFR⁽¹⁾ to 0.64, down from 0.80
 - Second year of a 3-year HSE Strategic Improvement Plan

- Enhancing infrastructure operations and maintenance
 - Consolidating pipeline control and monitoring operations to ensure high reliability
 - Improving asset maintenance management systems and processes across the portfolio
 - Adoption of global industry best practice

Damian Both, Network Operations, Queensland

(1) Lost time injury frequency rate (LTIFR) is measured as the number of lost time injuries per million hours worked. Data from FY14 includes both Employees and Contractors. Prior to that, employee only data.
